

Cranberry 26

Cranberry varieties

There is a close botanic relationship with our wild Ligonberry and a large affinity with our wild European cranberry.

We mainly process the following varieties: „Ben Lear“, „Searles“ and „Stevens“ formerly "Wisconsin", „Early Black“ and „Howes“ formerly "Massachusetts", „McFarlin“ formerly "Wisconsin" and "Washington".

Growing area

USA

Available as:

- Clear fruit juice concentrate 65 Bx
- Fruit puree concentrate 32 Bx

	Brix	approx.	9
